Remerciements	5
Résumé des termes employés et équivalences français-anglais	7
Table des matières	9
Liste des figures	17
Liste des tableaux	19
Introduction	21
1. CONTEXTE	21
1.1. Etude des interactions : les origines.....	21
1.2. Etude des interactions : quels enjeux pour la gestion ?	22
2. OBJECTIFS DE LA THÈSE	23
3. MÉTHODOLOGIE	25
4. RÉSUMÉ DES CHAPITRES SUIVANTS	26
Chapitre 1 – Grilles de codage des interactions : une revue de la littérature	26
Chapitre 2 – INSIDE TEAMS ^{3D} (IT ^{3D}) – Développement d’une grille de codage des interactions multidimensionnelle.....	26
Chapitre 3 – Souligner les liens entre les types d’interactions jouées et la performance des groupes.....	27
Chapitre 4 – Satisfaction et perception du conflit dans les équipes : mise en évidence de leurs relations et de l’importance des types d’interactions	28
1. Chapter 1 – Interaction coding systems: a literature review	29
ABSTRACT	29
1.1. INTRODUCTION	31
1.2. REVIEW METHODOLOGY	31

1.3. RESULTS.....	32
1.3.1. Diversity of orientations for the design and use of coding systems	34
1.3.2. Two different approaches of interaction coding.....	34
1.3.3. One-dimensional or multi-dimensional perspectives on interactions	35
1.3.4. Inclusion of further information to refine the analysis of group dynamics	36
1.4. DISCUSSION	40
1.4.1. Coding systems limited to the study of task-oriented behaviours	40
1.4.2. Issues regarding the exclusivity among categories in coding systems	40
1.4.3. Issues regarding the exhaustiveness in coding systems	40
1.4.4. Issues regarding the complexity and lack of documentation of coding systems.....	41
1.4.5. Subjectivity of the coding	41
1.4.6. Lack of reliability and validity tests	41
1.5. LIMITATIONS	42
1.6. CONCLUSION	42
1.7. BIBLIOGRAPHY	43
APPENDIX 1: EXISTING CODING SYSTEMS	46
Interaction Process Analysis (IPA).....	46
Interaction Process Scores (IPS) – Behavior Scores System	47
Categories for Analysis of Idea Development	48
Sign Process Analysis (SPA)	50
Decision Proposal Coding System	51
Interaction Behavior Measure (IBM).....	52
Rackham’s coding system.....	53
System for the Multiple Level of Observation of Groups (SYMLOG).....	54
Function-Oriented Interaction Coding System (FOICS).....	55

Organization Verbal Behavior (OVB)	56
Conference Coding System (CCS - KONFKOD)	57
Group Development Observation System (GDOS).....	58
Act4teams – Kasseler-Kompetenz-Raster (KKR)	59
KATKOMP	61
SYNPRO	62
Kolbe’s coding system.....	63
2. Chapter 2 – INSIDE TEAMS^{3D} (IT^{3D}) – Development of a multi-dimensional interaction coding system	65
ABSTRACT	65
2.1. INTRODUCTION.....	67
2.2. CONSTRUCTION OF THE CODING SYSTEM.....	68
2.2.1. Methodology	68
2.2.2. Structure of the coding system	69
First dimension: the functional meaning of the interaction	69
Second dimension: the convergence of ideas.....	70
Third dimension: the interpersonal emotional meaning of the interaction.....	70
2.3. INSTRUCTIONS FOR USE OF THE IT^{3D}	72
2.3.1. Coding unit.....	72
2.3.2. Position of the coder	73
2.4. EXAMINATION OF THE IT^{3D} COMPLIANCE WITH REQUIREMENTS.....	74
2.4.1. Exhaustiveness of categories.....	74
2.4.2. Ability to achieve a high proficiency level under real-time conditions	74
2.4.3. Logical consistency.....	75
2.5. RELIABILITY OF THE IT^{3D}	75

2.6. LIMITATIONS	75
2.7. CONCLUSION AND FUTURE RESEARCH	76
2.8. BIBLIOGRAPHY	77
2.9. APPENDIX 1: EXPLANATIONS ON THE CATEGORIES OF THE INTERACTION CODING SYSTEM IT^{3D} (CODING MANUAL)	79
FUNCTIONAL MEANING.....	79
OFFERING	79
ASKING	83
DECIDING	86
SOCIALIZING	89
Additional comments	90
CONVERGENCE	91
Negative convergence	91
Positive convergence.....	91
Neutral convergence.....	92
INTERPERSONAL EMOTIONAL MEANING.....	92
Negative interpersonal emotional meaning	92
Positive interpersonal emotional meaning.....	92
Neutral interpersonal emotional meaning.....	93
3. Chapter 3 – Highlighting the Relations between Interaction Types in Meetings and Group Performance.....	95
ABSTRACT	95
3.1. INTRODUCTION.....	97
3.2. THEORETICAL BACKGROUND	97
3.2.1. Characterization of interaction types	97

3.2.2.	Impact of functional meaning on performance	98
3.2.3.	Impact of convergence (content and process conflict) on performance	99
3.2.4.	Impact of interpersonal emotional meaning (relationship conflict) on performance	100
3.2.5.	Impact of the balance of members' contributions or the emergence of a predominant speaker within the group on performance	101
3.3.	METHODOLOGY	102
3.3.1.	Sample	102
3.3.2.	Data collection	103
	Measure of performance	103
	Identification of interaction types: Coding with the INSIDE TEAMS ^{3D} coding system	103
3.4.	RESULTS	105
3.4.1.	Performance	105
3.4.2.	Types of interactions within the groups (n = 41)	106
	Functional meaning	106
	Convergence	110
	Interpersonal emotional meaning	111
	Correlations between age/nationality and interaction types	112
3.4.3.	Correlations between the number of interactions and performance	112
3.4.4.	Correlations between interaction types and performance	112
	Correlations between functional meaning and performance	113
	Correlations between convergence and performance	115
	Correlations between interpersonal emotional meaning and performance	116
3.4.5.	Correlations between the balance of team members' contributions and performance ...	116
3.5.	DISCUSSION AND CONCLUSIONS	117
3.6.	LIMITATIONS	119

3.7. BIBLIOGRAPHY	121
3.8. APPENDIX 1: INSTRUCTIONS GIVEN TO THE GROUPS	125
Construction d'une tour en bois.....	125
Objectif.....	125
Organisation de l'exercice	125
4. Chapter 4 – Satisfaction and Perception of Conflict in Teams: Understanding their Relationship and the Importance of Interaction Types	127
ABSTRACT	127
4.1. INTRODUCTION.....	129
4.2. THEORETICAL BACKGROUND	129
4.2.1. Member satisfaction.....	129
Association between social satisfaction and instrumental satisfaction	130
Impact of the interaction types on satisfaction.....	130
4.2.2. Perceived conflict.....	132
Association between perceived content conflict/process conflict and relationship conflict	133
Impact of the interaction types on perceived conflict.....	133
Association between perceived conflict and satisfaction.....	134
4.3. METHODOLOGY	135
4.3.1. Sample and data collection	135
4.3.2. Identification of interaction types	135
4.3.3. Measures	135
Team member satisfaction	135
Perceived conflict.....	138
4.4. RESULTS.....	139
4.4.1. Interactions	139

Sex of team members.....	139
Degree of acquaintance.....	139
4.4.2. Satisfaction	140
Team member participation and balance among members	140
Sex of team members.....	141
Degree of acquaintance.....	141
Performance and Satisfaction	141
Interaction types and Satisfaction.....	141
Correlations between both types of satisfaction	143
4.4.3. Perceived conflict.....	143
Sex of team members.....	143
Degree of acquaintance.....	144
Correlations between perceived task conflict and perceived relationship conflict.....	144
Interaction types and perceived conflict	144
4.4.4. Satisfaction and perceived conflict	144
4.5. DISCUSSION	146
4.6. IMPLICATIONS.....	148
4.7. LIMITATIONS	148
4.8. BIBLIOGRAPHY	150
Conclusions	155
1. RÉSUMÉ DES CONTRIBUTIONS THÉORIQUES	155
1.1. Interactions	155
1.2. Performance	155
1.3. Satisfaction	156
2. IMPLICATIONS EN GESTION.....	156

3.	LIMITES DE LA RECHERCHE	158
3.1.	Découpage des interactions	158
3.2.	Ordre et séquence des interactions.....	159
3.3.	Mesure de la performance.....	159
3.4.	Validité écologique.....	160
	Échantillon	160
	Expérience	161
	Interactions	163
4.	PISTES DE DÉVELOPPEMENT FUTUR	163
4.1.	Approfondissement des liens entre types d'interactions et performance	163
4.2.	Approfondissement des liens entre types d'interactions et satisfaction	164
4.3.	Prise en compte des destinataires des interactions	165
4.4.	Suivi continu de la satisfaction et du conflit perçu lors de la réunion	165
4.5.	Gestion du conflit.....	166
4.6.	Prise en compte de la configuration spatiale de la réunion.....	166
4.7.	Considérations sociométriques	167
4.8.	Leadership : positionnement des leaders et identification de leaders informels	168
4.9.	Approfondissement de la compréhension des attentes individuelles vis-à-vis des réunions.....	169
4.10.	Développement d'outils améliorant l'analyse en temps réel des interactions et le feedback aux groupes	170
	Bibliographie complète	173
