Abstract	ii
List of Figures	vi
List of Tables	vii
List of Abbreviations	viii
1 Introduction	1
1.1 Urbanization in Sub-Saharan Africa	2
1.2 Mapping urbanization from space	5
1.3 Urban remote sensing in SSA	9
1.4 Open data opportunities	14
1.5 Thesis organization	19
References	23
2 Automated supervised learning based on OpenStreetMap	27
2.1 Introduction	28
2.2 Materials and methods	31
2.3 Results and discussion	41
2.4 Conclusion	49
References	50
3 Complementarity between optical and SAR sensors	54
3.1 Introduction	55
3.2 Materials and methods	58
3.3 Results and discussion	65
3.4 Conclusion	71

References	72
4 A dataset of urban expansion in 46 urban areas of SSA	77
4.1 Introduction	78
4.2 Material and methods	81
4.3 Results and discussion	94
4.4 Discussion	102
References	105
5 Conclusion	110
5.1 Main findings	111
5.2 Perspectives	116
References	122
