

The background of the cover is a scanning electron micrograph (SEM) of a polymer structure. It features a large, central, spherical cluster of interconnected, rounded, and somewhat irregular shapes, resembling a dense network of polymer chains or a porous material. This central cluster is surrounded by other smaller, similar structures. The image is colorized with a gradient from blue on the left to red on the right, with the central cluster appearing in shades of orange and red.

Volume 138 | Issues 19–20 2021

Included In This Print Edition:

Issue 19 (May 15, 2021)

Issue 20 (May 20, 2021)
